

BE A PART OF HISTORY

PRESENT AT THE 2020 INTERNATIONAL CONFERENCE OF DOBLE CLIENTS

PLAN

Think of a topic you would like to present. It can be almost anything you deal with during the performance of your testing, maintenance and planning activities. Experience an unusual equipment failure? Did you prevent one from happening? Are you exploring new maintenance strategies? How are you responding to changing regulations? Think about what's inspired you and your company to make changes or take new approaches.

SUBMIT YOUR TOPIC

- Visit www.doble.com/topics to submit your topic by **September 3, 2019**
- You can also contact your client service engineering or committee secretary
- If you need assistance getting your client service engineer's or committee secretary's contact information email events@doble.com

PREPARE A SHORT PRESENTATION

- This is a quick overview of your idea to help explain your idea
- Submit by **September 20, 2019**

DISCUSSION & SELECTION

- Clients discuss and vote on the topics that are the greatest interest to them
- This takes place during the Client Committee Meetings; this year's event is **October 6-10, 2019** in Vancouver, British Columbia CANADA
- Speakers will be notified by Friday, **December 6, 2019** if their paper has been selected for the 2020 International Conference of Doble Clients
- Help from a Doble engineer will be available to all selected speakers
